

SO WHERE HAS THE STORYTELLER GONE ?

Puzzle 1

The 1st digit of the code is hidden in Room 2, inside a piece of red, patterned terra sigillata pottery which you can touch.

The digit is : 6

Puzzle 2

The clue shows a horse.

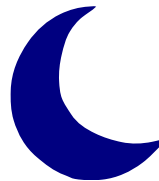

Puzzle 3

The correct apron is the one in the third photo. It dates from 1886. The digit you need to keep for the code is 8.

Puzzle 4

The shape of the girl's hair looks like a moon.

Puzzle 5

The piece of furniture you need to find is the 'closed-in' bed. The digit is hidden on the display cabinet with wooden spoons in.

The 3rd digit for the code is : 4

Puzzle 6

The person telling the truth is the man on a horse (the answer to Puzzle 2). He is King Gradlon.

So the correct chest is the one at the top of the spiral staircase.

Puzzle 7

The culprits are featured on a plate. Above their heads is the moon which was the answer to Puzzle 4.

The culprits are korrigans (Breton pixies).

SO WHERE HAS THE STORYTELLER GONE ?

The digits for the code are : 684

Where is the Great Storyteller ?
The Storyteller is behind the door at the top of the spiral staircase
